

## California Can't **Go Green** While We're **Turning Blue** From **Pesticide Poisoning**

Reducing carbon footprints and installing new-fangled light bulbs are all great concepts, but here in California, **7 million people** are dealing with something much more basic - our right not be aerially sprayed with **carcinogenic pesticides** contained in **plastic particulate pollution**.

We cannot even think about going green while we're choking in a cloud of pesticide.

**Step 1:**  
**Get the Facts.**

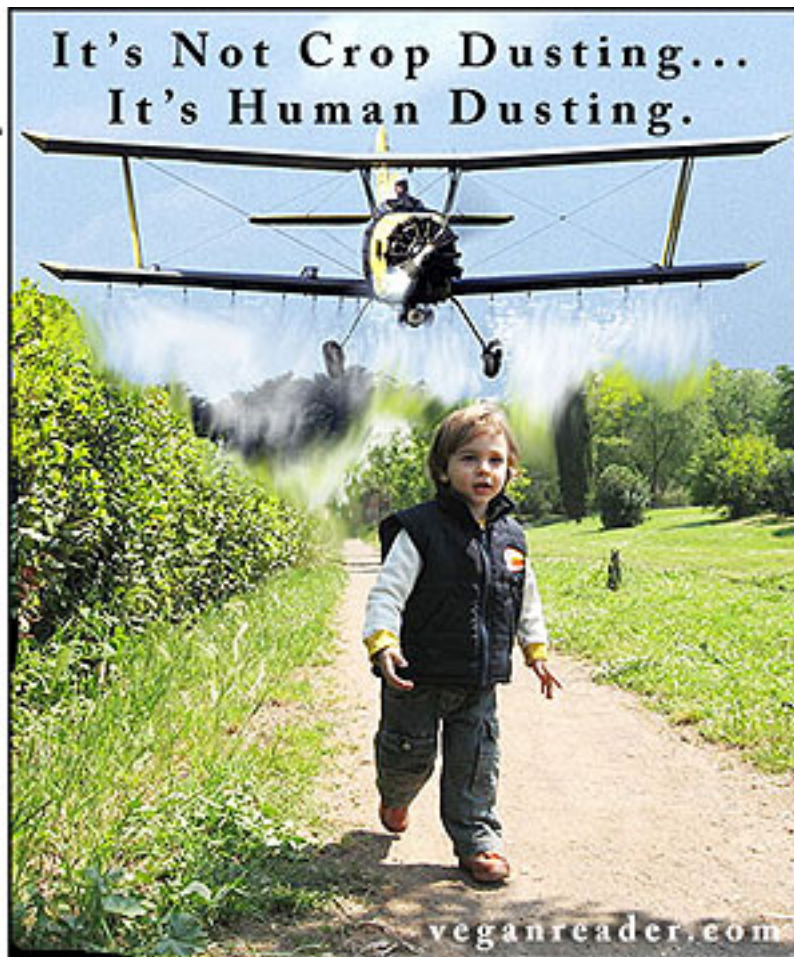

**Go to:**

[lbamspray.com](http://lbamspray.com)

[veganreader.com](http://veganreader.com)

[cassonline.org](http://cassonline.org)

[stopthespray.org](http://stopthespray.org)

**Step 2:**  
**Call the  
Governor.**

**1  
(916)  
445-  
2841**

**Insist that  
he halt  
LBAM Spray.**

Please, take action now. LBAM Aerial Spraying of California Begins **June 1st** in the Monterey region and **August 1st** in the SF Bay Area. You will be sprayed for up to 5 nights a month, 9 months a year for **up to 10 years!** Don't be subjected to **chronic pesticide exposure** by this intolerable, **financially-motivated** government action.

**Act today to stop the spray.**
